Exhibition Benefits

The Most Valuable Sustainable Supply Platform

Since its establishment in 2020, the Taiwan Sustainable Expo (TASS) has become Taiwan's most important platform for sustainable and circular economy solutions. Through the exhibition, forums, and business exchange meetings, it creates unique value, specifically assisting industries and enterprises in finding net-zero transformation solutions.

International Collaboration

- International participation
- Social interaction
- Side events

Business Matchmaking

- Business exchange Technical
- collaboration
- Market expansion

Industrial Sharing

- Forum presentations
- Net-zero solutions
- Sustainability and circulation

Sustainable Supply Platform

- Cross industries
- Business collaboration
- Business model innovation

Net-Zero Marketing

- Product promotion
- Awareness raising
- Market expansion

Exhibition Categories

Institutions

- Government entities
- NPO / NGO
- State-owned enterprises
- Large enterprises
- International pavilions

Resource Circulation

- Green designing
- Waste quantity and energy balance management
- Water resources development and treatment (wastewater treatment, seawater desalination)
- Circular Textile

Smart Manufacturing

- Clean production (low water consumption, low energy consumption, low pollution)
- Production facility
- Intelligent monitoring
- Smart sensor
- Smart logistics
- Internet of Things (IoT)

Sustainable City

- Vehicle electrification / Decarbonization
- Natural carbon sinks
- Carbon capture, utilization, and storage (CCUS, carbon sinks)
- Net-zero green living
- Green finance
- Sustainable agriculture and biodiversity
- Healthcare, hygiene, and epidemic prevention systems and health risk management
- Pollution prevention and control
- Low-carbon buildings

Energy

- Renewables (solar, wind, hydro, geothermal, bioenergy, hydrogen, marine energy)
- Smart energy storage
- Energy conservation
- Electricity selling

TASS2024 Forum

TASS Forum serves as a key platform for sharing insights on sustainable trends and presenting optimal solutions for corporate net-zero transformations. In 2023, alongside self-organized forums on building, energy, and resource circulation topics, there were thematic discussions covering green finance, hydrogen energy, and green technology.

TASS 2024 will persist in meeting the needs of attendees and industries, organizing forums on energy transition, resource circulation, and smart manufacturing etc. Experts from governments, academia, research institutions, and industries will be invited to share sustainable solutions on policies and innovative technologies, seizing green business opportunities.

Price (excl. VAT) / Contents	Gold NTD 120,000 USD 4,000	Silver NTD 70,000 USD 2,300
One 9-sqm shell scheme booth	✓

Notes:

1. Registration opens from November 22, 2023, with early bird discount available until May 31, 2024 (based on postmark date for mail submissions or receipt date for email submissions).
2. A deposit of 50% of the total booth fee (inclusive of tax) is required. Upon qualification review by the organizer, a registration contract with both parties' signatures will be sent via email. Exhibitor must submit the deposit within 14 calendar days from the date of sending.
3. The organizer will notify exhibitors via email to submit the remaining booth fee payment. Payment must be completed by September 6, 2024. (Please note that the exhibitor is responsible for absorbing any bank transfer fees. The fees mentioned above do not include interbank transfer fees. The organizer must receive the full booth fee and deposit. If there is any discrepancy in the amount, the exhibitor is responsible for the difference.)
4. Booth fee deposits and final payments are non-refundable.
5. The organizer reserves the right to cancel the exhibition up to 60 days before the start date. In this case, exhibitors will receive a refund of the exhibition fees already paid.
6. The organizer reserves the right to change the exhibition dates and venue.
7. Booth locations at the venue will be planned and allocated by the organizer. No separate booth selection meetings will be held.
