TASS 2024 | 亞洲永續供應+循環經濟會展

Sustainable Taiwan Expo

November 6 - 8　Kaohsiung Exhibition Center

The 5th Asia's Sustainable Supply and Circular Economy Exhibition and Conference

TASS2024

The Influential Sustainable Exhibition and the Platform of Net Zero Solutions in Asia

By leading sustainable trends, Sustainable Taiwan Expo is the only cross-industry exhibition focusing on supply chain issues in Taiwan. It aims to establish a global sustainable supply network by enhancing the industrial competitiveness.

Exhibition + **Forum** + **Business Exchange**

TASS2023 Results

22,000+ visits

10 forums / **54** presentations

107 media exposures

94% satisfaction

98% satisfaction to Organizer

100 exhibitors

300 booths

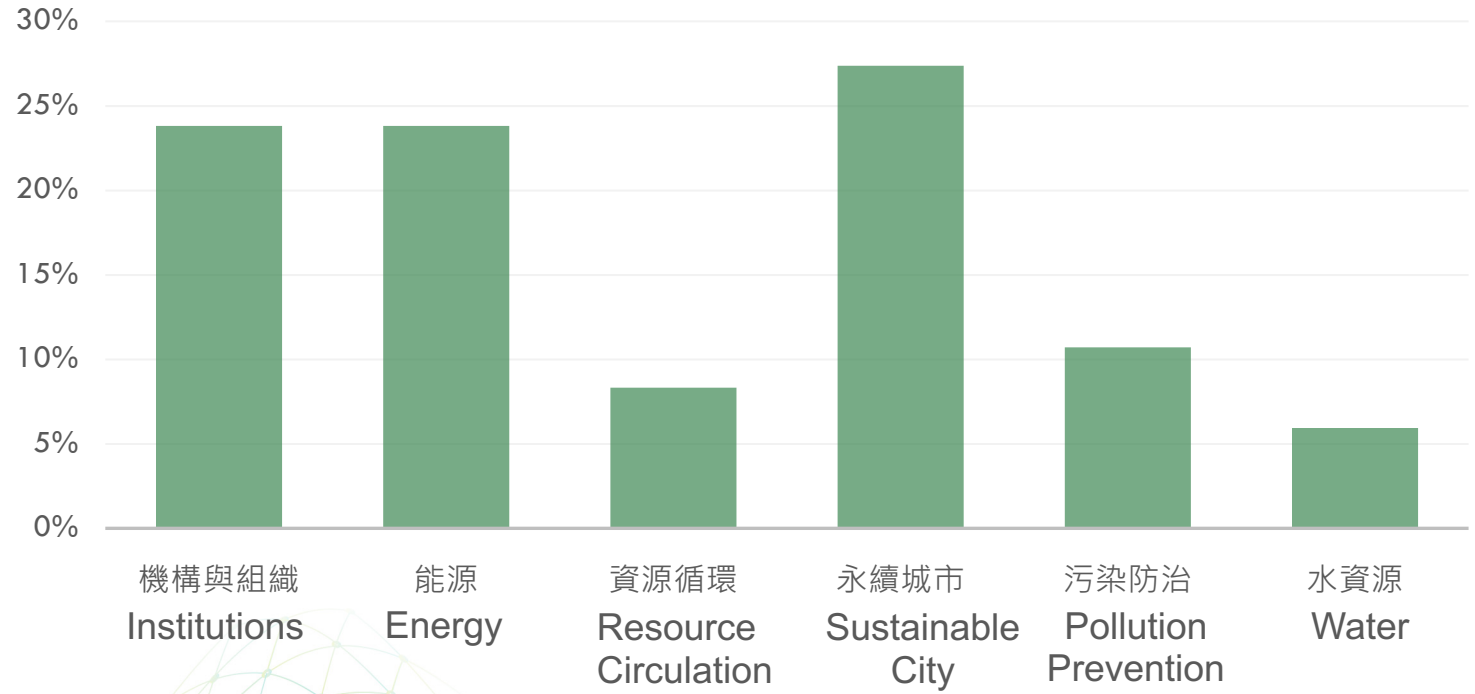

11 exhibiting countries
(France/Germany/USA/Luxembourg/ UK/Australia/Japan/Singapore/HK/ Malaysia/China)

150+ face-to-face business exchange meetings

On-site business **US$ 50+ million** proposed

TASS2023 Business Exchange

150+ face-to-face BE meetings

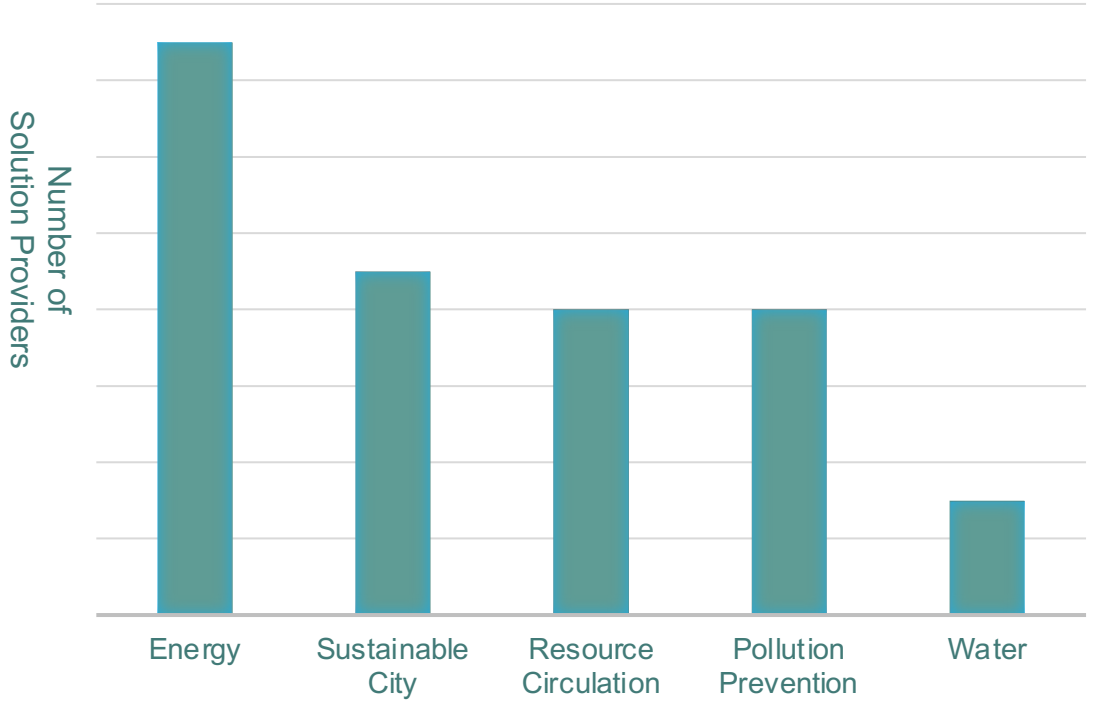

On-site business **US$ 50+ million** generated

14 Buyers/clients

- USI Corporation
- OSA Engineering
- Kuo Chi Trading
- Everlight Chemical
- Innolux Corporation
- Kyokuto Boeki Kaisha
- Formosa Plastics Group
- CSC
- ASE
- Corning
- TaiPower
- ChipMOS
- AMPower
- TAYA Group

47 solution providers

(*TASS2023 exhibitors/sponsors)

TASS2024 Theme

建構永續供應網絡
Developing Sustainable Supply Network

The sustainable supply network integrates ethical and environmental responsibilities comprehensively, which is a competitive and successful model. Among these, end-to-end supply chain transparency is crucial. Sustainable operations must encompass everything from raw material sourcing to the final mile of logistics, including returns and recycling processes.
Taiwan plays a critical role in the global industrial supply chain. TASS2024 will focus on resource circulation, energy, institutions, smart manufacturing, and sustainable cities etc., providing a platform to develop a sustainable supply network.

TASS2024 Exhibition Categories

Sustainable City

- Vehicle electrification / Decarbonization
- Natural carbon sinks
- Carbon capture, utilization, and storage (CCUS, carbon sinks)
- Net-zero green living
- Green finance
- Sustainable agriculture and biodiversity
- Healthcare, hygiene, and epidemic prevention systems and health risk management
- Pollution prevention and control
- Low-carbon buildings

Energy

- Renewables (solar, wind, hydro, geothermal, bioenergy, hydrogen, marine energy)
- Smart energy storage
- Energy conservation
- Electricity selling

Resource Circulation

- Green designing
- Waste quantity and energy balance management
- Water resources development and treatment (wastewater treatment, seawater desalination)
- Circular Textile

Smart Manufacturing

- Clean production (low water consumption, low energy consumption, low pollution)
- Production facility
- Intelligent monitoring
- Smart sensor
- Smart logistics
- Internet of Things (AIoT)

Institutions

- **Government entities**
- **NPO / NGO**
- **State-owned enterprises**
- Large enterprises
- **International pavilions**

Exhibition Benefits

The Most Valuable Sustainable Supply Platform

Since its establishment in 2020, the Taiwan Sustainable Expo (TASS) has become Taiwan's most important platform for sustainable and circular economy solutions. Through the exhibition, forums, and business exchange meetings, it creates unique value, specifically assisting industries and enterprises in finding net-zero transformation solutions.

International Collaboration

International participation
Social interaction
Side events

Business Matchmaking

Business exchange
Technical collaboration
Market expansion

Industrial Sharing

Forum presentations
Net-zero solutions
Sustainability and circulation

Sustainable Supply Platform

Cross industries
Business collaboration
Business model innovation

Net-Zero Campaign

Product promotion
Awareness raising
Market expansion

TASS2024 Forum

TASS Forum serves as a key platform for sharing insights on sustainable trends and presenting optimal solutions for corporate net-zero transformations. In 2023, alongside self-organized forums on building, energy, and resource circulation topics, there were thematic discussions covering green finance, hydrogen energy, and green technology.

TASS 2024 will persist in meeting the needs of attendees and industries, organizing forums on **energy transition**, **resource circulation**, and **smart manufacturing** etc. Experts from governments, academia, research institutions, and industries will be invited to share sustainable solutions on policies and innovative technologies, seizing green business opportunities.

TASS2024 Forum Sponsorships

Price (excl. VAT) / Contents	Gold	Silver
	NTD 130,000 USD 4,000	NTD 80,000 USD 2,500
One 9-sqm shell scheme booth	V	
Stage presentation 15 mins	V	V
Participation in TASS2024 Business Exchange	V	V

Note: Presentation times of different lengths are to be discussed privately.

TASS2024 Exhibition Pricing

Booth Type	Equipment	9-sqm Price (USD, excl. VAT)	
		Before May 31st	After June 1st
